A Message from our President Elect

Angelica DeMont

Dear CASC members:

I want to thank you so much for allowing me to be the President of the Carolina Australian Shepherd Club. I have been vice president for a number of years and have participated in each type of event that this club has put on through the years.

I am so excited and have so many ideas, that I've been driving Mary Isenhour-Long crazy! She's keeping me in check and that's a good balance.

We're hoping to be able to put on at least two conformation shows, as well as, our February Rally & Obedience trials, this year. That's the base goal, and, of course... offer educational events to our members.

I feel we need to push a bit and ask our puppy buyers who do performance, to register their pup with ASCA and to join CASC and finally, to participate!! It will start with us; we need to get more members. We need more younger members who participate in dog sports, because we have to have a membership to hand this club over to in the future.

I'd like to congratulate our own CASC members and officers for their accomplishments at the ASCA Nationals. Check out the "BRAGS" page!

Most of all, I would like to congratulate Lynda and Rick Hardin for winning Most Versatile Aussie. It was an honor to see a team that I know come together, and show exactly what the Australian Shepherd is capable of.

Along that note, I would like to try to start moving this club in a direction where we hold more versatility events instead of just conformation and rally/ obedience. I think, to get the draws and the cash flow that we would like, and for this club to keep expanding, this would be a good direction to explore.

President Elect, continued from page 1

This year, let's think ahead to next year and what that can look like. What events we would be capable of holding and what venues would be great to support those. So I'm asking everybody to keep their eyes open as you go out to herding trials, seminars, rally/obedience competitions, Conformation shows on a smaller scale, Agility events, and even now, dock diving. I'd love to see our dogs have a chance to experience these events if we have the interest. By opening up our options, we may bring more members and competitors to ASCA!

Again, thank you so much for your trust and support, and if you would like to be involved and help in planning these activities or providing ideas. Please don't hesitate to contact me. We will be looking for a few members to be on our show committee.

The best way to reach me is always through Facebook Messenger, however, you are also welcome to text 919-306-8888.

Thank you so much for your support.

I will strive every day, to live up to that trust.

Your president,
Angelica DeMont

HERDING WORKSHOP HIGHLIGHTS

CASC held a Herding Workshop on December 12, 2021, with Rick Hardin leading. We had an assortment of herding dogs participating in the clinic... including several Aussies, a Border Collie, a Rottweiler, and a Cattle Dog. The morning session was an introduction to herding segment; the afternoon session was more in-depth on the aspects of herding. Thank you, Rick!
